

KEY HOLDER AGREEMENT

This Key Holder Agreement is dated _____.

I have agreed to hold and use a key that accesses the gate owned by BBLIA at the boat launch area. The key is and will remain the property of BBLIA.

I agree to the following as a key holder:

1. I will not duplicate or alter the key.
2. I will not loan the key to anyone at any time or let anyone else use the key except for members of my household.
3. I will be generally available to receive calls from residents that want to put their boats in the lake through the gate. Residents must be a member of BBLIA (and I agree to confirm this) except for residents that have riparian rights (i.e. lake frontage).
4. I will meet the member (or family member) at the gate at our agreed upon time and open the gate for the member to either put a boat on the lake or remove it from the lake.
5. For all boats coming into the lake, I will complete on the log the required information and will obtain the signatures of the member/resident (or family member, after checking identification) and the boat owner confirming that the boat has been dry for at least seven (7) days, or that the boat has not been in any lake other than Big Brower Lake.
6. I will return the key to a Board member when requested or when I no longer want to be a key holder. I will immediately report to a Board member if the key is lost, stolen or damaged.

(signature of key holder)
